

# Accelerate Your Growth and Unlock New Opportunities in Healthcare Commerce with Corepay and LegitScript

## Why Healthcare Merchants Choose LegitScript Certification via Corepay

In the complex and highly regulated healthcare landscape, gaining and maintaining compliance can be a significant challenge, as well as a barrier to growth. Corepay is proud to be an enterprise partner of LegitScript. Through our strategic partnership, Corepay helps healthcare merchants achieve certification, enabling them to generate revenue with confidence, speed and scalability. LegitScript Healthcare Certification is your key to unlocking more opportunities with less friction, while being trusted by Visa, Mastercard and major advertising platforms.

When you certify through Corepay, you'll gain exclusive access to bespoke benefits designed to accelerate approvals, ensure continuous compliance, and enhance your brand's credibility in competitive markets.

## Benefits of Certification Through Corepay

### Faster Payment Approvals & Smoother Onboarding

As a LegitScript enterprise partner, Corepay's direct integration with LegitScript's certification team, which means your certification process is streamlined and prioritized. This allows you to bring your products and services to market sooner through quicker approvals, faster account setup and seamless access to payment processing.

### Preferred Rates and Packaging

Certification through Corepay is part of our bundled services package, offering significant savings on the cost of certification versus the self-serve certification path. More importantly, Corepay's approach saves you valuable time, enabling your organization to invest more resources into your growing business while maintaining the highest standards of compliance and legitimacy.

**"Corepay is firmly embedded in the healthcare industry, both in compliance and with our embedded tech stack. This LegitScript partnership ultimately ensures a minimum standard of merchant profile, enhances portfolio stability and creates better outcomes for all parties involved."**

Ashley McCollom, VP of Operations,  
Corepay

## Ongoing Compliance Monitoring

Once certified, Corepay will continue to monitor your compliance to ensure a smooth renewal process. You will receive proactive updates on regulator changes, renewal reminders, and alerts for any potential compliance issues, so you can stay protected and focused on business growth.

## Boost Your Credibility and Win More Customers

The LegitScript Certification seal sets your business apart, signaling to card networks, partners and consumers that you are operating with transparency and in full compliance with legal requirements. When certified through Corepay, you will also unlock a modern, reliable, transaction experience, further enhancing your brand's trustworthiness and driving higher conversion rates.

## Scale with Confidence

Whether you are just starting out or looking to grow your established healthcare business, certification through Corepay allows you to scale efficiently as your transaction volume grows. Corepay ensures your business will remain compliant, minimize the risk of payment disruptions, and maximize acceptance ratios to reduce unnecessary lost revenue.

## Which Organizations Should Consider Certification?

LegitScript's Healthcare Certification supports a wide range of merchant types, including:

- Online pharmacies
- Telemedicine and telehealth providers
- Medical spas offering card-not-present services
- Prescription eyewear providers
- Pharmaceutical manufacturers and wholesalers
- Supplement or OTC drug companies operating online

If your business fits into one of these categories, connect with your Corepay representative to learn more about the benefits of partnership.

## LegitScript: The Gold Standard in Healthcare Merchant Certification

LegitScript is the industry's most recognized and respected certification provider for regulated healthcare commerce. Our standards align with legal requirements, card network policies, and industry best practices across the globe. That's why the world's leading advertising platforms and payment providers trust us.
